Contract Compliance Shuts Down 5 Sites – Result 75 Jobs

By John Pope

Contract Compliance, a component of the Minority Contractors, organized a direct confrontation with four local construction firms on June 13. One hundred and fifteen members of the Unemployed Workers Association and community citizens, led by Virgil Matthews, James Daniels and Robert Hook, forced the shutdown of five construction sites.

Mr. James Daniels stated that the action was taken after the four firms had been contacted several times about failure to meet affirmative action plans in employing minorities on construction sites. Mr. Daniels further stated that during those contacts the construction firms cited the unavailability of minority workers and their unwillingness to work as the major obstacles to minority employment. Both of these obstacles have been proven superficial.

Negotiations took place on June 13 and 14 with the four construction firms involved, Tucci and Sons, L. C. Roath Company, D. B. Murphy and 37th Street Investors, resulting in twenty-five immediate employment slots on June 19, and additional placements to be filled by July 15. Another twenty-five slots will be made available by August 15.

All persons interested in construction employment should contact Virgil Matthews, Contract Compliance Officer, 1301 South "K" Street, 272-4274.

Postal Carpentry Classes Part Of Job Training

FORT LEWIS, WA.--Students in Project Transition job training should be able to build a post office and then run it, too, when classes now in progress are completed.

Courses in carpentry and postal operations began today, and classes in drafting and bricklaying started last week.

24 WACS Complete Leadership Course

FORT LEWIS, WA.--Soldiers ordered to attend the post's Basic Leadership Course have been known to reach for excuses to delay the inevitable.

Last week, fellows were begging to go...with no lick.

This time it was ladies first as 24 WACs enrolled--and successfully completed--the five-days course.

Everything on the curriculum was the same as for male students, except that the girls went home at night instead of living in School Command barracks.

Citizens Close Metropolitan Park District Office

BY Douglas Burden

Minority Concerns Task Force demonstrators, reacting to the slanderous remarks made by Park Commissioner Wilfred Brown, converged on Metropolitan Park District Headquarters at 7 a.m., June 12. According to the Reverend Elijah Hankerson, spokesman for the demonstrators, the objective of the demonstration was to prevent the Park District from doing business until the Park Board members let the people know where they stand regarding Brown's remarks.

The Reverend Mr. Hankerson told newsmen on the scene that demonstrations will continue until (1) Brown resigns; (2) the Park Board asks for Brown's resignation; or (3) the Park Board dissolves itself. He quoted excerpts from the Declaration of Independence and the Bible in presenting the demands to William O. Glundberg, Director of Parks and Recreation.

Several employees of the Park District arrived before the demonstrators and were not permitted to leave the building at 10 Idaho Street until Glundberg negotiated with the Reverand Hankerson and demonstration organizers, Tacoma Urban League Executive Director, Tom Dixon, and Jim Walton, Director of the Tacoma Urban Coalition, and agreed to close down operations for the day.

The demonstrators left the Park District Headquarters around 9:15 a.m. and motorcaded to Brown's Flower Shop on South Tacoma Way to demand his resignation, but the florist was nowhere to be found. Several witnesses claim they saw Brown flee from his place of business as the demonstrators began arriving.

The demonstrators picketed Brown's Flower Shop and dispersed quietly around 10:00 a.m. upon word from the Reverend Hankerson that demonstrations would resume at Park District Headquarters at 7:00 a.m. the next morning.

The fact that community residents came together in protest was good. The basic objectives, or demands, however, must be considered as irrelevant to the overall needs of the community. We (Black People) should be ashamed for not coming together and working for, providing recreational facilites for our own children, it would surely mean a heathier atmosphere. How much sense does it make to beg someone to take care of our responsibilities.

By Harold Botley

Even Brown's resignation would be tokenism. The citizens here are really protesting the outrageous parks and recreational facilities we have in our community. Excell Cain

Eastside Baptist Church Installs Rev. Connally Jr.

The Rev. M.C. Connally Jr. installed as pastor of Eastside Baptist Church, 3575 Portland Ave., Sunday at 3:00 P.M. The service was held in St. Peter & Paul Parish Hall, 3422 Portland Avenue.

Mr. Connally was born in Paris, Texas, served in the Air Force and is now a senior at Northwest College in Kirkland. He began the Ministry in 1966, while he was stationed in Span. Since coming to Tacoma, he has been a member of Shiloh Baptist Church.

Guest speaker for the installation service was Rev. W. P. Johnson, pastor of Mt. Baker Missionary Baptist Church in Seattle.

There were several selections by Mt. Baptist Missionary Choir.

Rev. Connally has succeeded the Rev. O.R. Pigford, who organized Eastside Baptist Church in 1968. Mr. Pigford will continue serving the church as social service director and will coordinate the activities of Eastside Friendship Center, a social services referral center sponsored by the church.

In addition to Mr. Baker Missionary Baptist Church other guest of Eastside Baptist Church included Mt. Tabor Baptist Church, Greater Harvest Missionary Baptist Church, St. Johns Missionary Baptist Church, Shiloh Baptist, and the Space People.

Dinner was served prior to the installation service. Chairman of the hospitality committee was Modessa Jones of Eastside Baptist Church, assisted by Mrs. J.W. Wesley of Shiloh Baptist Church, and women from both congregations. Another significant happening at the service was the signing over to the Eastside Baptist Church, the property now being leased by them. The Quick Claim deed was presented to the new pastor by Rev. & Mrs. O.R. Pigford.

MEMORIAL FUND IN MEMORY OF FRED LEONARD BALDWIN

Fred Leonard Baldwin passed away on June 6, 1972, after having graduated from Woodrow Wilson High School, just a day prior to his misfortune.

Fred had been accepted and had planned to attend college in the fall. Since Fred was an only child, his parents Mr. and Mrs. Leonard Baldwin would like to have their son's dream become a reality for some young person who might also like to further their education.

A memorial fund has therefore been established at Peoples Bank on 12th & K Streets, Tacoma, Washington. The fund will be used to provide a scholarship for some deserving individual.

Those wishing to participate, may send their donations to the parents, Mr. & Mrs. Leonard Baldwin, 2320 So. Cushman Street, Tacoma, Washington. All donations will be deposited in the Fred Leonard Baldwin Memorial Fund. Mr. & Mrs. Leonard Baldwin would like to thank you in advance for your anticipated support.

Two Tacoma Youths Hold Top Honors

Boys State, an annual event sponsored by the American Legion, concluded its 28th program Saturday, the 17th. Tacoma's Mike Jones, next year's ASB Pres. at Mt. Tahoma, came home with the Governor's honors, while Luther Brown, Pres. of Lincoln's next year Seniors, reigned as Lt. Governor. Bruce Douglass held the position of assistant to the Lt. Governor. Boys State is an event which tries the capabilities of the most brilliant young men from all across the state. Mike will now go to Washington D.C. to be Washington State's delegate to Boys Nation.

Busy Schedule For NYC Summer Program

Neighborhood Youth Corp youth assigned to the Eastside Friendship Center, began their busy schedule, Monday, June 19, 1972 with registeration and orientation at the center before reporting to the assignments to places they will be working this summer. Thirteen of the Twenty-six youth schedule for the center reported on Monday. Others will be coming, when the processing of applications are completed.

Katie Upperman, who is a volunteer through the Volunteer Office of State Department of Social and Health Services, will be directing the summer program. Several of the youth will be doing their work in the center, others are assigned to projects in agencies located elsewhere. Such programs as tutoring grade school children, recreation activities for smaller children, field trips, free daycare services, a drama and dance group, two working in the UPS Group Home, two assigned to Retarded Childrens Recreation Program, and two are assigned as Public Relation assistants.

The youth involved in the summer program come from low income families residing in the Eastside of Tacoma. It is hoped that they will receive valuable work experience and also earn money to help with family income.

Edwein Milligan Will Attend Scout Training Session In New Mexico

Our feature article this week is, "Spotlight on Training". Edwein Milligan, First Class Scout from Troop 216, sponsored by the McCarver P.T.A., will be attending Junion Leader Instructor Training at Camp Philmont, New Mexico for 21 days. The group will be receiving the newest training of the Boy Scouting program.

Milligan is the first Scout to attend the training from the Hilltop area, he will be paving the way so that next year, we hope to see all of the Hilltop Troops sending Scout's to Philmont.

Edwein is one of the ten children of the house of Milligan. We are proud to see one of our Scouts stand up to be counted, lets all stand behind him and give him all of the support he needs for tomorrow he will be making the decisions. We must lay a path that he and other's will be proud to follow. For our youth of today do as we do, not as we say to do therefore, we must lay a good path for them to follow. We as leader's are responsible for furthering the World Brotherhood of Scouting.

WRITER SAYS TACOMA PARKS SHOULD BE CITY OPERATION

To Whom it May Concern:

With the surfacing of the true feelings of the Metropolitan Park Board through their board member spokesman "Wilfred G. Brown" on May 22, 1972, when he uttered defamatory remarks towards Tacoma's Minorities, it becomes imperative, that the management and operation of Tacoma's Parks should be made a part of our city government. A review of the operation of our parks over the past twenty years will show their true feelings, not only towards our minorities, but will show a general lack of concern for the tax dollars they have expended. At the present time and for many years there has been only one regularly employed minority citizen on the work crews that maintain our parks throughout the city. Not one skilled position is filled by a minority member, yet the Metropolitan Park District has skilled positions such as equipment operator, truck drivers, auto mechanics, carpenters, zoo keepers, painters, and gardeners, etc.. This employment record shows very clearly the attitudes of the various Board Members toward the minorities, in spite of their protestations to the contrary.

The "City of Tacoma" fills job openings by holding written examinations in most cases and this assures the taxpayers that they are getting at least a qualified man for their money. However, the Metropolitan Park District operates on a "Favors System". When a job opening comes up they look around their party faithful friends and they hire one of them no matter what his or her lack of qualifications. This happens in many instances. A couple of examples of this are the cases of a recently retired painter and the Shop Superintendent. The retired painter come to the Parks and filled the position of Painter even though he was a floor layer by trade. The present Shop Superintendent was a former Policeman with no experience to qualify him for the Shop Superintendent's job. He did know the proper people so he was hired to manage the shops and the skilled tradesmen who work there. A qualified craftsman has no chance to be hired by the Park System unless he happens to be a friend of the management. Is this what the people of Tacoma deserve for their tax dollars? This total lack of business acumen should not be tolerated any longer. It is not only the minority citizens who are being discriminated against but all of Tacoma's citizens receive the same treatment unless they are friends of the "Park System".

During the past several years various Federal programs have supplied workers to the Park System to aid in park maintenance. Many of the city's minorities have filled these temporary jobs and their salaries were paid by the government. The Park District will accept these people as long as someone else pays the salaries involved. While dozens of minorities have worked at these temporary jobs not one has been hired on a regular basis. I believe that this fact alone, "more than any other" shows very clearly that the Metropolitan Park District maintains a segregated system and intends to keep it that way. This park "Favors System" fosters incompetence. One example that can be seen by all of Tacoma's citizens is the torn up duck pond at Point Defiance Park. This pond was torn up and made an eyesore in the fall of 1971. The intent expressed was that it was to be redigned. Months and months have passed and the pond still lies there as an eyesore and with no attempt made to complete the work. Another example of incompetence was the cutting down of live trees for firewood in the winter of 1971 when dead trees can be found in many areas of Point Defiance Park.

Its well past the time when this Metropolitan Park System should have been put on a business basis and this "Favors System" thrown out. The only feasible way to accomplish this is for the "City of Tacoma" to take over the operation of the Parks and to do so in the very near future. City operation may have some deficiencies, but very few as compared to the present "Favors System".

The people of Tacoma "no matter their color" deserve better than they are getting. A take over of the Parks by our City Government is certainly long overdue.

Yours,

P. O. Box 248

Elite Corps Of Green Berets To Instruct 1,100 ROTC Cadets

Ninteen Green Berets from the 7th Special Forces Group at Fort Bragg arrived here 12 June to begin prepartions for training the 1100 ROTC cadets already present at Fort Lewis in a two-day RECONDO field exercise.

The team, consisting of two officers and seventeen enlisted men, will spend most of the summer here undergoing training in addition to their work with the ROTC Advanced Summer Camp. They are a part of 'B' Company, 1st Battalion of the 7th Special Forces Group.

The leadership execise with the cadets will begin with the airlifting of a ten man cadet reconnaissance patrol with a Special Forces advisor into a landing zone in the back woods area of Fort Lewis. The patrol will travel about 8 kilometers in their reconnaissance mission and return to the landing zone with the gathered information. Complications to the patrolling problem will require the group to exfiltrate through enemy held territory (again controlled by the Special Forces troopers) travelling about 12 kilometers over the heavily wooded terrain, and preparing a meal using a live chicken.

Altogether, the cadets will spend about 30 hours out in the woods on the patrol. There will be sixteen of these patrols in the field at the same time. The first patrol will get underway on the 5th of July.

The Special Forces team is commanded by Captain Ed O'Neal from Fort Bragg, and the senior non-commissioned officer with the team will be Sergeant First Class Roy Massingill, also from Fort Bragg.

Airplane Rides Are Rotary Fair Event

Airplane rides and exhibits of outdoor recreational equipment will be among the many attractions at the Land, Sea and Air Fair in Spanaway July 1-2.

The weekend event, sponsored by the Rotary Club of Parkland, will be held at the Spanaway Airport, S. 188th and Pacific, from 10 a.m. to dusk each day.

Antique cars will also be on display, along with vacation trailers and campers, boats, airplanes and recreational equipment.

Two new private airplanes will be available throughout the two days to provide rides at a normal fee.

All proceeds from the fair and open house will be used for scholarships to students from Bethel, Franklin Pierce and Washington High Schools, according to David Olson, president of the Parkland Rotary Club.

Albert Langseth, chairman of the club's Land, Sea and Air Fair committee, indicated that tickets are presently available from Parkland Rotary members and will be sold at the airport during the two days the fair is in progress.

Discrimination In The Construction Industry Hurts Community

By Harold Botlev

It has long been known by the residents of the Hilltop Community; the disparity in hiring practices, funds utilization and community control.

These disparities have left the Hilltop residents with the highest unemployment rate; with the highest social and dependency needs but with the least opportunities and services received to relieve these conditions.

These conditions suffered by the majorities of the citizens have provided the opportunities for every self-seeking, politician in government, as well as those hand-selected Negro leaders to further exploit the people. These conditions suffered by the people have been used as the basis for the city, county and private sources to receive program funds aimed at solving poor people's problems. We have been well aware that the misbandling of these funds has existed at the top levels of city government, ;with those supposively responsible leaders and politicians.

An example of the above can be seen in the use of the construction dollars and their non-compliance in hiring practices.

These practices are santioned by City Officials as demonstrated by their inaction, as well as their participation to further foster the situation.

These conditions must be brought to a stop and the only person to bring it to an end is you--- the community residents as one giant Black man.

Many of our high school youths and others must be brought to the understanding that the construction trade is one of the highest paying industries and therefore additional steps have been taken to exclude Black participation. These efforts are not new nor are the results; in which the exclusion has fostered.

(1) High Black Unemployment
(2) Low-Skills Acquisition
(3) Poor Personal and Family Maintenance
(4) Continued conditions of Deprivation. (Health Social)

The above problems have always been a way of life of the Black Community, but they are conditions in which you can change.

Army Wives & Youngsters To Attend Classes

FORT LEWIS, WA.--Consumer Education and Clothing Construction classes will be offered Army wives and youngsters here Wednesdays starting next week.

The Fort Lewis BCO Wives Club, Army Community Services, and the Clover Park Education Center are co-sponsoring the instruction, to be given in Bldg. 2621 T in the Broadmoor area of the post. The classes will run six weeks.

Consumer Education will be presented from 9 a.m. to noon and Clothing Construction from 1 to 4 p.m.

Head Start Has Limited Vacancies

The Head Start Day Care Program at McCarver School now has a limited number of vacancies for their summer Program. The Program is offered to three and four-year-olds (should have been three by September 10, 1971), whose parents have limited incomes and are in educational or training programs or are employed. More openings are expected to become available in August. If interested, call the Office of Early Childhood Education, FU3-1811, extension 420.

Crafts & Skills Classes Offered In Day Camp

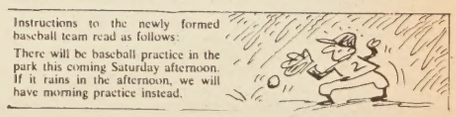
A special "Discovery Camp" day camp for girls who will be in the 6th, 7th and 8th grades in September is being planned the Tacoma Area Council of Camp Fire Girls, according to Council Day Camp Chairman, Mrs. Floyd Cole.

The 8-day camp, featuring many field trips and based at Wapato Park is set for July 31 - August 3 and Sugust 7 - 10 and will be directed by Mrs. Robert Cannell. It will feature study and demonstrations of sky diving, horsemanship, scuba diving, water skiing, karate, and judo as well as development of skills and crafts.

Crafts will include pottery, glass cutting, macrame, batik, tie dye and leather. Skill classes will be provided in such fields as guitar, photography, knitting, crocheting and puppetry and creative writing.

Registration for this camp is limited, accoring to Mrs. Cole, and those wishing to enroll or wishing additional information should contact the Camp Fire office as soon as possible.

Other camps planned include one at Wapato Park June 14-16 and June 19-23, Mrs. Harold McKinney, director; North Ft. Lewis on American Lake, June 19-22 and June 26-29, Mrs. Edward Strother, director; Hidden Beach (between Tacoma Outboard Association and Titlow Pool), July 17-20 and July 24-27, Mrs. Robert Cannell, director; Riverside Park (Sumner-Orting Highway along Puyallup River), July 24-27 and July 31 - August 3, Mrs. Norman Heiling, director; Peninsula (behind Purdy Elementary School), July 24 -27 and July 31 - August 3, Mrs. Fred Jaggi, director; Sportsman's Chateau, (Canyon Road and South 165th Street) August 7-10 and August 14-17, Mrs. Al Baehmer, director; and Spanaway (north side of Military Road behind Sprinker Field) July 10-13 and July 17-20, Mrs. Paul Reeves, director Camp Fire Girls is a United Way agency.



Instructions to the newly formed baseball team read as follows:
There will be baseball practice in the park this coming Saturday afternoon. If it rains in the afternoon, we will have morning practice instead.

YES Reporter Gives Employment Advice

I hope by now that you as employed youth have realized, you have a great responsibility. The impression some employers recieve from you determines how he will except other youth for employment. Take your job seriously, this is for real. Try always to be respectful to your employer and to your fellow employees. You do not know everything there is to know about your job, so do not give that impression. In everything you do and say be honest. Also be courteous, watch your language and the things you say.

I would like to say to the Employers, be careful not to always judge all youth by another's mistake. There are all types of youth and they all have a different personality. Teach them everything there is to know about the job. Also if you want respect give them respect everybody wants to be respected.

To the youth, if any difficulties occur on your job, don't hesitate or wait, just call Ma7-6178, or write 920 South Commerce, and address it to Y.E.S. Reporter Debra Ross.

The youth are part of the community, so come on community let's all get involved and hire a youth for the summer.

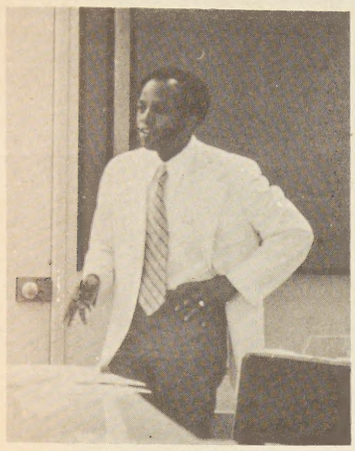
MODEL CITIES NEWS

TACOMA MODEL CITIES PROGRAM 622 TACOMA AVENUE SO. TACOMA, WA. 98402 593-4660

FROM THE DIRECTOR'S PEN



One of the most demanding and challneging tasks ever to be undertaken by a community and city government is a Model Cities Program. However, after eighteen months, significant changes have been accomplished.

The Tacoma Model Cities Program is in its final phase of its First Action Year. The progress toward the submission of a Second Action Year application grant will be prepared and submitted within the appropriate time and will meet the required HUD guidelines. Based upon the one hundred and twenty day extension granted to the Tacoma Model Cities Program, the Second Action Year will begin September 1, 1972.

A fair assessment of the Model Cities progress toward accomplishing its objectives in the Program implementation with the ability of the staff and the cooperation of the city government has afforded the Program, in my opinion, to be on target. The life expectancy of this Program demands that a course be set of interfacing the Model Cities Program functions and process with or into the permanent part of the city structure.

I am convinced the urgency that is needed to meet the demanding approaching responsibilities we will be facing has not obtained the proper attention. In this regard, I am suggesting that specific consideration be given to all needed areas of preparation to face a very complex reorganization within the various city departments, with the community, and as a city as a whole. We must come to grips with reorganization and establishing one local corresponding department for human resources, urban development, and-or community development. It would be my suggestion that an individual or a small task force from existing staff be assigned to research and develop a complete development or proposal (for your review and comments) containing at least three approaches by which the above could be further referred, resources identified, and a strategy for implementation of the proposal would then be suggested. It is necessary not only for this effort to have as its goal a reorganization concern, but it must also be concerned with understanding the Federal Reorganization and Grant Consolidation. Last but not least, the concern must be that we are planning for human beings. I am confident that a significant amount of needed and capable staff exist to allow our present Departments to be either expanded or augmented. However, it must be clearly defined and needed supportive services identified with linkages.

Specifically a core group could be composed of the following: a person from the Tacoma Model Cities Program acting as the Coordinator, the City Manpower Coordinator, City Planning, Urban Renewal, the Model Cities Program basically would be the most complex in this process, therefore, the justification for Model Cities assuming the total cost for this operation is consistent with acceptable HUD guidelines. Federal, State Coordinator, Model Cities Liaison, City Interagency Coordinator, Human Resource Developer, Community Development Resource Team, are just some of the people, in my opinion, that could be considered for this purpose.

Carolyn White, gives report at Transportation Seminar.

Henry Bush, addressing Transportation Seminar.

TRANSPORTATION SEMINAR

Approximately 100 Model Neighborhood residents attended the Transportation Seminar held at McCarver School on June 10. Participants were divided into six groups for discussion and each group discussed the same six questions.

All groups were in accord that current route service is satisfactory. General agreement was that buses should pass each stop every half hour. All but one group felt that people could walk a maximum of two blocks to catch the bus; the one group in disagreement felt one block should be the maximum.

Four groups felt Senior Citizens had special needs which weren't being met at the present time; one group felt Seniors should have a bus of their own.

There was general agreement the transportation system should be expanded to meet the needs of the handicapped. A person who is unable to get himself to and from the bus stop or on and off the bus was viewed as handicapped.

Four groups felt that Model Cities should provide some type of emergency transportation twenty-four (24) hours a day, seven (7) days a week.

Everyone was in agreement that group trips should be prearranged one to two weeks in advance. Allowable distance for a group trip ranged from no-limit and 400 miles round trip to 60 miles round trip. Any Model Neighborhood group was viewed as eligible to use the buses in this manner.

The groups reported in general agreement that a 10c fare should be charged, but this item received some objections in the afternoon discussion. Opinion was divided on whether seniors and children under five should be allowed to ride free.

I trust that I have been of some assistance in the implementation of causing this awareness to be considered. The cooperation of the citizens in the Model Cities target area and the policy board (Executive Board), the City Council, has justified my belief that people, when their goals and concerns are humanly oriented, they tend to find a consensus to produce work effectively.

I am glad that I have been a participant in this process. With a degree of compromise and accomplishing all the stated goals that we would have liked to have seen completed, one must be satisfied with what progress that we have made toward fulfilling those goals. Therefore, I wish to formally indicate that my position as the Director of the Tacoma Model Cities Program will be terminated as of the first of July, 1972. At that time, I will return to private practice within the field of economic development and social concerns.

It has been a pleasure serving the public body and more specifically the Model Neighborhood.

Frank Russell

Task Force Schedule

SUPPORT YOUR MODEL CITIES PROGRAM

Your Model Cities Program is presently planning your future. Take you concerns off the street and make them work for you . . . PARTICIPATE!

Get on top of things before they happen. The following Task Forces are designed to hear your ideas on the short and long range needs of the community in the following areas:

SOCIAL SERVICES

Meets the second and fourth Wednesday of each month, Allen Memorial Church, 1411 Wouth Yakima, at 7:30 p.m. The next meeting is July 12. Carmen Bretzman is Task Force Chairman.

HEALTH

Meets the first and third Monday of each month, Sheridan Street Church of God, 2303 South Sheridan, 7:30 p.m. The next meeting is July 3. Task Force Chairman is Clarence Walker.

HOUSING

Meets the second and fourth Tuesday of each month, Miles Memorial Church, 1720 South "L" Street, 7:30 p.m. The next meeting is July 11. Harris York is Task Force Chairman.

LAW AND JUSTICE

Meets the second and fourth Monday of each month, St. John Baptist Church, 2001 South "J" Street, 7:30 p.m. The next meeting is July 10. Edward Massey is Task Force Chairman.

MANPOWER

Meets first and third Monday of each month, Shiloh Baptist Church, 1211 South "I" Street, 6:30 p.m. The next meeting is July 3. Sharon Lewis is Task Force Chairman.

CULTURE AND RECREATION

Meets second and fourth Wednesday of each month, Church of the Living God in Christ, 1955 South "M", 7:30 p.m. The next meeting is July 12. Task Force Chairman is Otto Breeding.

EDUCATION

Meets the second and fourth Monday of each month, Bethlehem Baptist Church, 1725 South "I" Street, 7:30 p.m. The next meeting is July 10. Task Force Chairman is Luther Brown, Jr.

YOUTH

Meets the first and third Thursday of each month, Emanuel Temple, 1121 South "G" Street, 6 p.m. The next meeting is July 6. Task Force Chairman is Russel Gayles.

EXECUTIVE BOARD

Meets the second and fourth Thursday of each month, City Council Chambers, 3rd floor of the County-City Building, 7:30 p.m. Citizen input is desired and an agenda item . . . why not be there.

For more information, call Tacoma Model Cities, 593-4660, or visit our office located at 622 Tacoma Avenue South anytime between the hours of 8 a.m. and 5 p.m.

Manpower Progress

The Tacoma Model Cities Manpower Profile as of May 31st was as follows:

The Model Cities Program (staff and projects) employs 54 people.

Model Neighborhood Residents	106
Non-Model Neighborhood Residents	48
Minority	127
White	27
Professional	45
Para-Professional	91
Clerical	18

As you know, Model Cities is dedicated to fulfilling the goals and objectives of our Resident Employment Plan. We are to make a meaningful impact in the area of employment and training for Model Neighborhood Residents. This is accomplished by giving preferential treatment to Model Neighborhood Residents in our hiring procedures.

Our efforts in employing Model Neighborhood Residents are reflected in the following chart:

Month	MNR		Non-MNR+
December 31	49	33	59.8 Pct.
January 31	59	38	60.8 Pct.
+ F e b r u a r y 2 8			
March 31	96	49	66.2 Pct.
April 31	104	52	66.7 Pct.
May 31	106	48	68.8 Pct.

As these figures indicate, Model Cities is progressing satisfactorily towards impacing the Model Neighborhood in the area of manpower. A nine (9.0 Pct.) percentage point increase in the course of six months is commendable indeed. It is anticipated that the trend here noted will be continued in the future.

+Records destroyed by March 21st fire.

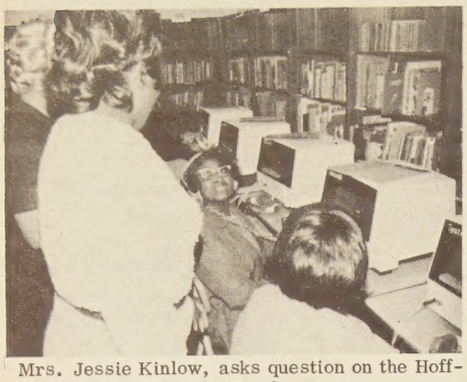
Model Cities Project News



Mrs. Jessie Kinlow, asks question on the Hoffman System 80 Reading Machine.

Instructor Royce Brown, assist L.E.P. students, Odessa White and Ida Hardiman.

TACOMA AREA CHILD TUTORING PROGRAM

The Tacoma Area Child Tutoring Program (TACT) is designed to provide individual tutorial assistance in reading and math to underachieving Model Cities children in Grades 2-6. An important part of the educational process in gaining new experiences and expanding one's horizons in order to maintain interests to deal with scholastically. For this reason, the TACT Program includes such activities as arts and crafts and field trips.

Children may be referred by parents, teachers, schools or any other community source. To be accepted, children must be at least one year behind in scholastic achievement.

The individual tutorial assistance is provided by volunteers from all walks of life who bring their own unique skills and abilities to the program. In addition, each volunteer participates in several training workshops.

Presently, TACT is operating one tutoring center at McCarver School on Tuesdays, Wednesdays and Thursdays from 3:30 to 5:30 p.m. for a group of fifteen tutee-tutor pairs. On Saturdays, the TACT Program goes on field trips or plans arts and crafts activities. Two Saturdays ago, the TACT program went clam digging.

Starting June 19th, TACT will operate an eight week program on a daily basis (9 a.m. to 3 p.m.). Activities for a typical day include at least two hours of individual tutoring, arts and crafts, games and meals. In addition, at least once a week each child will participate in an educational field trip.

Interested parents, teachers, volunteers are urged to contact: Phyllis Lane, Director, or Ann Matthews, Volunteer Coordinator, Tacoma Area Child Tutoring Program, Hilltop Multi-Service Center, 1209 South "I" Street, BR 2-4441.

MODEL CITIES SENIOR CITIZEN CENTER

On May 15, the Model Cities Senior Citizen Center celebrated its first year as a center. The anniversary was recognized with an "International Day." Invitations were extended to various Pierce County senior citizen centers. Each senior prepared his own dish, and some set up international booths representing Japan, Africa, Jamica, Scotland, Germany and American pioneers. Everyone had a most enjoyable day.

On June 23, Gay Marie Vigil, an outstanding contortionist, and the Adagio Dance Team, a young group from Tacoma, will be featured.

On June 30, the Center will be featuring "The Eligibles," a young group of dancers from the America Conservatory of Music. Birthdays for the month of June will also be celebrated.

An inspiring and educational post White House Conference was held in Lacey on May 22. The Tacoma Center was closed on that day to allow both seniors and staff to attend the Conference. The theme was "Now is the Hour — Aging in Action." Speakers included Governor Daniel J. Evans—welcoming remarks; Secretary of State A. Ludlow Kramer—report on the Governor's Human Affairs Task Force on Aging; State Senator Martin J. Durken; Mr. Robert Hayes, Jefferson County Republican Chairman; Mr. James Carbray—speaking on "The Method of Bringin About Social Change."

The seniors are presently making preparations for a fashion show on July 28, 1972.

L.E.P.—Each One Teach One

The Laymen Education Program has begun its second quarter of classes with its peak enrollment of fifty people.

The classes are now being held at Stanley Elementary School, located at South 17 and Grant. This facility has allowed the program to supplement the program's classroom study with sophisticated teaching resource aides and computers. The program's major goal is to increase the education level of Model Neighborhood parents who have less than a high school education. Once this objective is met it will enable the parent to become actively involved in their children's education by being able to assist the child. Before it was a handicap for both the child and parent. The L.E.P. program furthers the parent's ability to broaden their career mobility and heighten academic incentive which can be pursued after the completion of the G.E.D. or a high school diploma, as the parent is now more capable and self assured.

The L.E.P. program initiates the following curriculum which has been very effective to prepare parents for taking the G.E.D. test, obtain a high school diploma, and enter other educational programs.

The classes offered are: English; mathematics; interpretive reading and cultural studies.

The I.B.M. Computer 360 is used to apply drill exercises in arithmetic proficiency training and at the present a language arts instructional program, Project Straight-Talk ("Pst") which instructs the specifics of proper sentences in everyday conversation.

Nellie Palms, Director of the Program, states that already this project has resulted in three persons passing the G.E.D. test and eight others attempting the test later this month, and one parent receiving a high school diploma. The program has also placed nine individuals in employment positions, (another objective of the L.E.P. project) as the participants complete the program. Miss Palms also stated the need for the program to be expanded to meet the desires of the applicants that wish to participate and are presently unable to do so. Three times the number of parents have applied as there is funding presently available to accommodate.

HOUSING COMPONENT ACTIVITIES

By Alonzo D. Foote, Sr.

The four reprogram package proposals mentioned previously were approved by the City Council, and work will get underway upon final approval from HUD. Model Neighborhood residents are currently being interviewed in connection with the Property Rehabilitation and Employment Project. This project will allow for minor rehabilitation to be accomplished or at least ten homes in the Model Cities Neighborhood, and provide employment for two Instructor-Journeymen and ten trainees. The concept for implementation of this project is as follows:

The Property Rehabilitation and Employment Project is designed to provide craftsman training to ten Model Neighborhood residents between the ages of 18 and 30, who have at least an eighth grade level reading ability with sufficient potential to complete high school level equivalency, and to perform cosmetic rehabilitation on at least ten houses in the Model Cities Neighborhood. Trainees will perform required rehabilitation under the direct supervision of two Instructor-Journeymen in the Craftsman trades. Job descriptions will be prepared by the Housing Planner, in coordination with the operating agency, and Instructor-Journeymen and Trainees will be hired in accordance with Model Cities Program hiring procedures.

At the Housing Task Force meeting on June 13, 1972, nominations were accepted for the chairman, co-chairman and secretary of the Project Area Committee. This committee must be formed in order to insure that work accomplished under the Neighborhood Development Project is in accordance with the needs and desires of the residents. Nominations will again be accepted at the next Task Force meeting on June 27, 1972, after which an election will be held for these positions, and volunteers for general membership requested.

Please contact Alonzo D. Foote, Sr., Housing Planner, or Dee Botley, Housing Coordinator, at 593-4660, for additional information concerning the above, or general information with respect to the Housing and Physical Environmental Improvement Program.

LAW AND JUSTICE WORKSHOP

By Jimmie Lee, Planning Aide

The Tacoma Model Cities Law and Justice Task Force, in an attempt to better understand the legal and judicial system which they come in contact with, is planning a Law and Justice workshop, June 24, 1972, at Bryant Elementary School, 717 South Grant, Tacoma, Washington, from 9:30 a.m. to 3:30 p.m. The past has been permeated with misunderstanding, mistrust, and a lack of communication. This is an effort to reach a better understanding by both constituents to interact in a mutual learning experience.

We have invited persons from each of the areas mentioned, hoping that through this mutual learning experience the necessary linkage between the community and law enforcement agencies will be maintained by explaining the many facets of the judicial system, and how this system can be used to an advantage by the community.

Your presence and involvement will be the determining factor in making this workshop successful.

Irene Gaines Sponsors Talent Show at UJAMAA

Fourth Degree performs First Prize Winning Routine

Excitement filled the air as 200 residents filled the auditorium of the Ujamaa Culture and Recreation Center on Friday, June 9th. The Irene Gaines Improvement Club sponsored the affair and awarded prizes to the winners of first, second and third places.

The Fourth Degree, a dance group of young sisters from Baker Junior High School, won first prize of $75. Dancing to the tunes of Joe Tex, the Fourth Degree won out over a field of eighteen other acts.

Ginger Street, a sister in the Second Grade at Parkway School, amazed the audience with her display of contortion ballet and took second prize of $50. Ginger was walking on her hands with her feet around her neck, and really socking it to 'em. Her five year old sister, Missy, didn't compete in the award category, but she was the hit of the show with her contortion act.

Black, Bold and Beautiful, Sheila Critten, Crystal Driscoll and Willette Wiliscrow, danced to the tune of Outer Space and walked away with $25 third prize money.

Lavelle Whitten, the "Stickman" from KTOY was the emcee and introduced the performers superbly.

Center Announces Schedule of Summer Programs UJAMAA Culture and Recreation

Ujamaa Culture and Recreation Center, located at South Thirteenth and Fawcett, is now operational every day. Director Ellis Cain and staff invite the community to participate in the summer programs now underway.

The Center is open daily from 10 a.m.-10 p.m. Ujamaa will be open weekends until supervised activity (dances, plays, etc.) ceases. The complete list of scheduled activities follows:

1. MODERN DANCE CLASS:
   Day: Monday, Wednesday and Friday, 12:00 to 2:00. Evening: Monday, Tuesday, Wednesday, Thursday, Friday, 5:30 to 8:30. Instructor: Miss Consuela Wesley.
2. SWIMMING CLASS:
   Day: Monday, Tuesday, Wednesday, Thursday, Friday, 3:30 to 5:00. Locatin: Y.M.C.A., beginning July 17th.
3. WEIGHTLIFTING CLASS:
   Evening: Monday, Wednesday, Friday, 5:00 to 7:00. Instructor: Ellis Cain.
4. DRAMA THEATER:
   Evening: Monday, Wednesday, Friday, 5:30 to 7:30. Instructor: Mr. Charles Canada.
5. TUTORING:
   Evening: Monday through Friday, 6:30 to 8:30, starting July 10th.
6. LEATHERCRAFT:
   Evening: Monday, Wednesday, Friday, 7 to 9, starting June 5th at Malcolm X Center. Day: Tuesday and Thursday, 1 to 3. Instructor: Arvilla Johnson.
7. KARATE:
   Evening: Monday, Tuesday, Thursday, 6:30 to 8:30. Day: Saturday, 12 to 2. Instructors: Al Bradley and Carey Wade.
8. BASKETBALL:
   Day: Tuesday and Thursday, 2 to 4, open to all. Evening: Tuesday and Thursday, 8 to 10.
9. GROUP MUSIC (Guitar and Piano):
   Evening: Tuesday and Thursday, 4 to 6. Instructor: Ron Dacus.
10. ACRYLICS AND BLACK VELVET PAINTING:
    Evening: Tuesday and Thursday, 6 to 8. Instructor: Robert Joyce.
11. SCULPTURE (Wood and Clay):
    Evening: Tuesday and Thursday, 6 to 8. Instructor: Warren Pope.
12. BLACK ARTS HISTORY:
    Evening: Tuesday and Thursday, 6 to 8. Instructor: Anwuli Maduaka.
